

# 2stand-Lite

Patent Pending

**NEW** Innovative Point-of-Sale Displays  
for your brands and products

## HOW IT WORKS

**2stand-Lite** gives you the chance to improve your communication – for the right price. The design of the system makes it even simpler than our standard 2Stand systems to handle.

The complete display can be delivered in a flat pack (820 x 630 x 40 mm). The weight of 2stand-Lite is 2 kg so it's economical to ship.

### Economical and flexible

The display is digitally printed, resulting in an affordable pricing. If you want to change the graphics just replace them with a new sleeve.

### Fast delivery

Digital printing allows for a quick turnaround. Your display can be produced in a few days, instead of weeks. This is possible because all the components are pre-fabricated and already die-cut and creased awaiting your images to be printed.

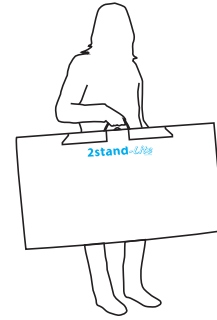

### Flexible Feet

Lite and flexible. The feet are transparent and can even be printed with your logo or other information if needed.

### Simple to assemble

It's delivered flat and is assembled in minutes. Supplied in a carry pack.

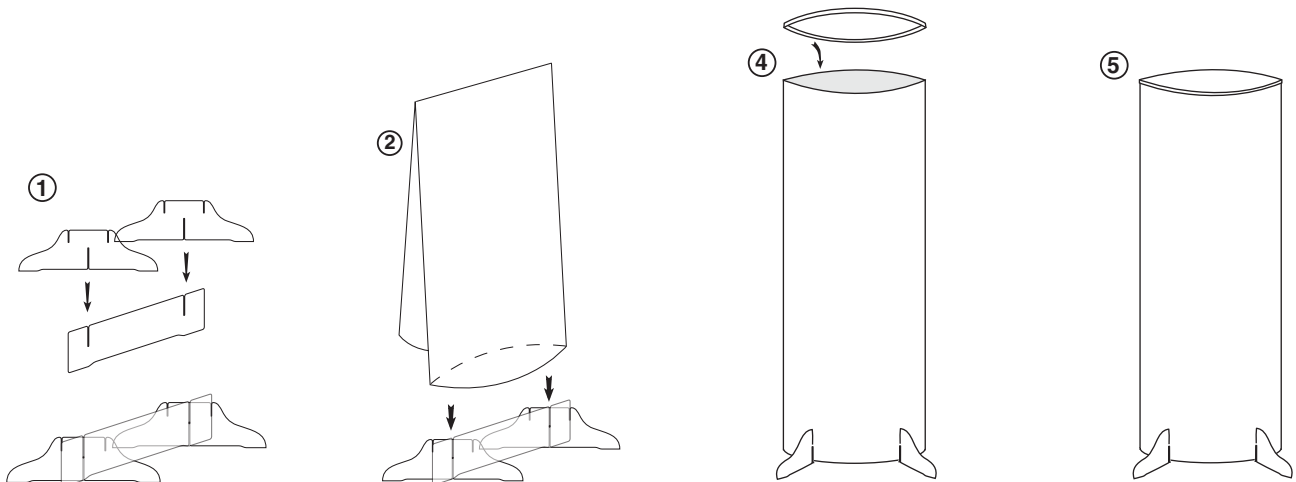

### High image quality

Printed on high quality fully coated card.

### Simple to place

Double-sided printing is standard.

Versatile • Cost Effective • Re-Usable • Compact
